Glasses and ID Badges are a large part of many of our lives now, so why not wear them proudly! String colorful beads or shiny crystals into a pleasing mix sure to make you smile and feel great. Stringing treasures and a badge clip or eyeglass loops with SoftFlex and a few crimps will ensure durability for daily wear. Don't know how? Treasure Dreams and Wishes, or Keep Teeth Safe for the Tooth Fairy!

Make this little Wish Pillow to keep hopeful notes safe in the pocket or teeth safe for the Fairy. Start with two 6" squares and a 4" square of coordinating fabric. Fray three edges of 4" square by pulling out threads. Fold over the unfrayed edge and topstitch to make the pocket. Position the pocket an inch above the bottom edge of one of the 6" squares and straight stitch down just inside the frayed edges of the pocket. Place the 6" squares right sides together and stitch around the perimeter leaving a gap to turn below the pocket (where the pins are in the pic above.) Turn right side out, stuff with fiberfill, batting or scraps, blind stitch closed, then add a charm to the top of the pocket. Ta-da!
